

God protects the creation

Divine Service
Sunday, October 16, 2022

Theme:

The creation

Message:

God wants the creation to be protected and preserved so that the gospel can be proclaimed.

Bible text: Revelation 7: 3

Do not harm the earth, the sea, or the trees till we have sealed the servants of our God on their foreheads.

Summary:

- God wants to preserve His creation until His work of salvation is completed.
- The gospel can only be proclaimed to the nations if the earth continues to exist.
- During the great tribulation, the earth will be preserved. The kingdom of peace, in which Jesus Christ will reign as Prince of Peace, will be established on this earth.
- The hazards to which the present creation is exposed will no longer exist in the new creation.

Notes:
