

The fire of the Holy Spirit

Divine Service
Wednesday, October 26, 2022

Message:

God is at work both in the church and within us.

Bible text: Leviticus 6: 13

A fire shall always be burning on the altar; it shall never go out.

Summary:

- In the Bible, fire signals the presence of God.
- The fire of the Holy Spirit burns in the church: it enlightens, warms, cleanses, and unites us through the word and the sacraments.
- The fire of the Holy Spirit must also burn within us.
- In order to be ready for the Lord's return, we need the fire that burns both in the church and within us.
