

The kingdom of God is developing

Divine Service

Message:

The Holy Spirit causes the kingdom of God to grow.

Bible text: Matthew 13: 33

Another parable He spoke to them: "The kingdom of heaven is like leaven, which a woman took and hid in three measures of meal till it was all leavened."

Summary:

- The kingdom of God has come near to humankind in Jesus Christ.
- God has placed divine life within us. We can promote its development by accepting the gospel, repenting, and loving our neighbour, so that we may become like Christ.
- In the kingdom of peace, God will send us to all people to proclaim salvation to them.
- God makes sure that all human beings will ultimately come to know the good news.
